

Headteacher: Miss N Sirett

Dear Parents and Carers

Name of child

Date

I am sorry to hear that your child is having to self-isolate. Children who are not unwell need to continue with their learning at home while isolating. Please support your child in completing this work pack while he or she is self-isolating. It is important that the work is completed and returned to school. If your child is isolating for more than a week, we will provide a further pack. The teacher will phone every few days to ensure that your child maintains good links with school.

When your child returns to school he or she will have some 1:1 support to review the work they have done and to help them catch up with any learning they have missed.

Expectations for parents during self-isolation:

- Support your child in maintaining a regular working routine
- View the work set and then make appropriate plans to complete the work.
- Should anything be unclear in the work that is set, parents can contact the school for clarification
- Support your child to engage with their learning and complete the work set
- Respond to school surveys about barriers to accessing online learning at home
- Plan for daily reading, spelling and times tables practice - at least 20 minutes of each
- Work that children complete at home must be kept safely at home so it can be brought back to school when the child returns
- Provide an appropriate place for the child to work to the best of his or her ability, encouraging good levels of concentration.
- Be mindful of mental well-being of both yourself and your child and encourage him or her to take regular breaks, play games, get fresh air (if you have a garden) and relax.

Yours sincerely

N. Sirett
